MAKE A WISH UPON A STAR

Make-A-Wish Foundation Israel celebrated World Wish Day on May 1, with 200 10th graders from the Alon Art Academy in Ramat Hasharon and 200 students from the International School in Kfar Hayarok (EMIS) taking part in a project to raise awareness about the international organization. Each school created a human star to mark the day. The day was inspired by 7-year-old leukemia sufferer Chris Greicius from Phoenix, whose dream of becoming a policeman was fulfilled on April 29, 1980, when the Phoenix Police Department made him their first and only honorary officer.

Since then, more than 415,000 magical wishes have been fulfilled worldwide – one every 17 minutes. (Courtesy)
